## **[5] ABOUT US**

### **[5A] BRIEF HISTORY OF DUSOM - PREAMBLE.**

DUNAMIS School of Ministry (DUSOM) was established in January 2000 through God's Servant, the senior Pastor, Dr. Pastor Paul Enenche. The school exists to teach the word of God through which the impartation of the unction that is at work on DUNAMIS is transmitted through the various topics being taught in the school.

The program is designed to prepare students from all Bible-believing churches across the globe to function effectively in any ministerial role such as Church workers, home Church leaders, evangelists, Altar Ministers, and pastoral calling.

DUNAMIS School of Ministry is one of the leading Bible schools in the Nation of Nigeria where Thousands have graduated with firebrand passion to change their world for God and impart the globe with the Gospel of Christ thereby covering the earth with the Glory of God. Now, the school offers sound spiritual, academic, as well as moral, and character training to students from all flocks of life.

Most of the topics are currently being taught from manuals and books written by God's servant on those topics. DUSOM is a school of ministry; graduation from it does not automatically qualify a graduate to be ordained as a pastor. However, it is a training that prepares and equips them to function effectively in any ministerial role.

The training also allows gleaning prospective entrants into the DUNAMIS Commission Pastoral office. Criteria for pastoral recruitment are found in the policy. However, other criteria for pastoral placement in the Commission are found in the policy.

DUSOM students have the great privilege of having the Senior Pastor of the Commission, Dr. Pastor Paul Enenche, and Dr. Becky Paul-Enenche to directly lecture and impart the students during their studies. There are several other seasoned ministers, pastors of DUNAMIS who have over a long period sat and learnt under God's servant. All lecturers are seasoned ministers who have been pastors with DUNAMIS for not less than five years.

The focus of the lectures is not just to teach the letters of the course but to impart the mantle at work in the commission as seen and taught by the senior pastor. There is a heavy impartation session at the end of each lecture to release the spirit and power of the lesson as taught by the Lecturers.

The focus of this working policy is to give initial information to whoever needs to know who we are and what we stand for as a school of ministry. The focus is also to give a working guide to the administration of the school in carrying out their official responsibilities in line with the vision and mission of the Visioner.
